

Rave Fundamentals Overview

Instructor Led Course Outline

Course Description: The Rave Fundamentals Overview (RFO) course is an instructor-led course that demonstrates to users the basics of the Medidata Rave system. This high-level overview familiarizes new clients with the modules and add-ons available in Medidata Rave, enabling them to efficiently and effectively map Rave-related processes and user responsibilities within their Clinical Trials.

Rave Fundamentals Overview is an introductory-level course - comprehensive training for each of the products is available through additional Medidata University training courses.
