Learn more about the most flexible and intuitive eTMF solution available

Whether you are just starting out with an eTMF and need basic functionality, or you're rapidly growing and need to expand to capabilities like remote site oversight and real-time inspection readiness, we've got you covered.

The Medidata eTMF solution, which provides full support for the TMF reference model, is unified with the Medidata Clinical Cloud that allows you to:

- Improve field and site personnel scale and efficiency
  – Provide CRAs with real-time status of eTMF for their sites
  – Provides an integrated platform for sites to interact directly with eTMF
  – Certified copy
  – Accelerate site startup and management with real-time collaboration

- Streamline back-office processes
  – Faster study set-up with document and master data auto-population
  – Extensive reporting and real-time dashboards
  – Easier document filing and reclassification
  – Faster discrepancy reconciliation

- Effortlessly demonstrate inspection readiness
  – Faster retrieval with search algorithms based on content, title and/or metadata to find content simply
  – Easily share relevant information with sponsors or regulators

- Easy access
  – Provide all participants with TMF access, anytime, anyplace, anywhere
  – Simple and yet sophisticated search, enabling rapid content retrieval driven by cutting-edge search technology
  – Fully mobile enabled; leveraging leading edge biometric technology

The Medidata eTMF platform is unified with the entire Medidata Clinical Cloud — including Archive, Quality with SOP, CTMS, Risk Based Monitoring, Payments and Rave EDC — delivering the industry's most dynamic and comprehensive real-time, end-to-end TMF management platform, and unifying content, data, and workflows.

About Medidata

Medidata is leading the digital transformation of life sciences, with the world's most used platform for clinical development, commercial, and real-world data. Powered by artificial intelligence and delivered by the #1 ranked industry experts, the Intelligent Platform for Life Sciences helps pharmaceutical, biotech, medical device companies, and academic researchers accelerate value, minimize risk and optimize outcomes. Medidata serves more than 1,000 customers and partners worldwide and empowers more than 100,000 certified users every day to create hope for millions of patients.
