

Medidata Enterprise Reporting

eLearning Course Outline

Course Description: Medidata Enterprise Reporting is a hosted reporting application for Medidata products. Authorized iMedidata users can launch Medidata Enterprise Reporting as an iMedidata application. Using Medidata Reporting, you can display, search, export, and schedule iMedidata standard reports. In this eLearning course, you will learn how to access Medidata Enterprise Reporting in iMedidata, load and work with reports, and navigate within the environment.
