

## Medidata Rave eConsent: Data Integration

### eLearning Course Outline

**Course Description:** This course is designed for study managers, site users, and administrators who support or manage Rave eConsent studies.

Attendees will learn:

- The data integration workflow in Rave EDC;
- What data types can appear in Rave EDC;
- What data is captured for paper-consented subjects;
- How to access and review the eConsent data in Rave EDC; AND
- What data integrates with third-party vendors

Approximate Duration: 10 mins

Module	Topic
<b>Welcome</b> (1 min)	
<b>What is Rave eConsent?</b> (1 min)	<ul style="list-style-type: none"> <li>• Electronic consent</li> <li>• Paper consent</li> </ul>
<b>Data Integration Workflow</b> (2 mins)	<ul style="list-style-type: none"> <li>• Access documents</li> <li>• Clear flags</li> <li>• Stop participation</li> <li>• Mark off study</li> <li>• Learning Mode</li> </ul>
<b>Types of data captured - eConsent</b> (2 mins)	<ul style="list-style-type: none"> <li>• Edit Subject Information</li> <li>• Documents Tab</li> <li>• Stats Tab</li> <li>• History Tab</li> <li>• Learning Mode</li> </ul>
<b>Types of data captured – paper consent</b> (1 min)	<ul style="list-style-type: none"> <li>• Handsign in the mobile app</li> <li>• Confirming Consent in Learning Mode</li> </ul>
<b>Access and Review eConsent Data in Rave EDC</b> (2 min)	<ul style="list-style-type: none"> <li>• Access &amp; Review documents</li> <li>• Handsign</li> <li>• Mark Complete</li> <li>• Mark Complete in Learning Mode</li> </ul>
<b>Types of Data Integration – third party vendors (optional)</b> (2 min)	<ul style="list-style-type: none"> <li>• Review eConsent data points</li> </ul>
<b>Summary</b>
