

Getting Started: Using myMedidata in Your Clinical Trial eLearning Outline

Course Description: This course provides a comprehensive overview of the myMedidata product training. It covers specific workflows for clinicians to invite participants to create a myMedidata Account and how study participants create an account on myMedidata app or myMedidata Web.

In addition, you will learn:

- What is myMedidata?
- What is the Trial-dial concept?
- How clinicians invite study participants to register for a myMedidata account
- How study participants create a myMedidata account

Approximate Duration¹: 40 min

Module	Topics
Welcome (1 min)	Introduction and course learning objectives
What is myMedidata? (2 min)	Overview of myMedidata as a single sign-in platform for clinical trial interactions
What is the Trial-Dial Concept? (4 min)	Overview of the various Medidata products enabling remote and site clinical Trials
How Clinicians Invite Study Participants to Register for a myMedidata Account using Patient Cloud Registration (6 min)	<ul style="list-style-type: none"> ● New and Existing Patient Workflow ● Supporting Participant Workflow ● New Patient Bulk Invite Workflow ● View Activation Code to create a myMedidata Account
How Clinicians Invite Study Participants to Register for a myMedidata Account using Patient Management (5 min)	<ul style="list-style-type: none"> ● Invite a Patient to Register for a myMedidata Account ● Invite a Support Person to Register for a myMedidata Account ● Generating a myMedidata Access code for Account Creation

¹ Time is estimated and includes post assessment.
