

# Medidata Study Build Services – A Unified Platform Deserves a Unified Delivery

<h2>Medidata Clinical Trial Expertise</h2> <p>Our Clinical Trial methodologies are based on best-in-class study build services that ensure high quality rapid study start-ups</p>	<h2>Rapid Study Builds</h2> <p>Executed in 4-12 weeks<sup>3</sup></p>	<h2>Expert Knowledge</h2> <p>Experienced with the latest products and solutions</p>	<h2>Consistent Resources</h2> <p>Streamlined builds and reduced onboarding efforts</p>
---	---	---	--

Medidata’s unified life science platform, The Medidata Clinical Cloud™, helps you run your trials, better engage your patients, and leverage the most up to date life sciences data. It helps you do more with less – less cost, less resources and less time. You also rely on Medidata’s study build services for the same reasons.

Medidata’s Professional Services study build teams have in-depth knowledge of industry procedures and requirements. This expertise and experience, coupled with Medidata’s innovative, state-of-the-art technology and best practices accelerates your clinical studies. You now have a workable study design that can be deployed quickly setting the trial up for long-term success.

## The Medidata Advantage

Proven study build methodologies from experts with deep knowledge across the Life Sciences Industry:

 <p><b>Ranked #1 Professional Services team by Life Science Strategy<sup>1</sup></b></p>	 <p><b>20,000 Studies and 20+ years industry expertise working with sponsors and CROs</b></p>
 <p><b>Business strategy and process guidance transforming Life Sciences organizations</b></p>	 <p><b>Value realization spanning business process, Medidata technology, and all therapeutic areas</b></p>

## True Differentiation

### Rapid Study Builds

Ensure rapid study start-ups without sacrificing quality throughout your studies.

### Single Point of Contact

Your project manager is your single point of contact who leads the team to synchronize your workstreams, communications and timelines.

### Industry and Technology Experience

Expertise in industry, procedures and the latest Medidata product releases.

### Reusable Content

Access to the Medidata Global Library, including the latest C-DASH form, which allows you to check forms in and out and make changes as needed.

### Consistent Project Resources

Your project resources are consistent from study build to study build, reducing delays associated with onboarding new resources.

### Continued Support

Medidata's professional services team supports your study build from start to finish, while providing ongoing support via Medidata's Customer Success team.

## Medidata Expertise Drives Results<sup>2</sup>

**47%**

REDUCTION IN STUDY BUILD TIME OVER INDUSTRY STANDARDS

**4-12 Weeks<sup>3</sup>**

REDUCTION IN OVERALL QUERY VOLUME

**35%**

HIGHER RE-USE OF ECRFS TO STANDARDIZE DATA COLLECTION AND REDUCE TESTING EFFORTS

**25-50%**

COST SAVINGS PER STUDY DUE TO REDUCTION IN TIME

## Why Medidata?

Medidata brings a holistic, disciplined approach for a speed build process for your trials utilizing best in class technology and rapid study build methodologies to ensure fast study starts and preserving quality for regulatory bodies.

Medidata's Global Library gives you access to a variety of forms, including C-DASH, providing greater standardization, less redundancy, and faster startups. We offer integrated delivery across our solutions, allowing us to be quick and thorough in delivering the products to support timely releases so you can focus on patient care and safety.
