

Features

Unified on the Medidata Clinical Cloud

Same product, same build, same backend on ONE unified platform.

Secure, Easy Submission and Intelligent Workflow

Image submission process at the push of a button from the home minimizes site visits. Intelligent workflows ensure images get to the right assessor at the right time, reducing the chance of error.

Comprehensive remote image capture

Enables patients to capture images across a wide variety of therapeutic areas.

Dedicated Patient Cloud Helpdesk focused on End-to-End Experience

Delivers comprehensive support for sites, sponsors, CROs and patients.

Image Capture Sample Use Cases

The Medidata Advantage

The Patient Cloud suite of powerful solutions makes it easy for patients to participate at any level of onsite, hybrid, or decentralized trials. With the only unified platform that supports the entire patient journey from start to finish, Patient Cloud makes trials faster and more successful by reducing burdens for patients and site staff. When combined with Rave Imaging’s configurable, intelligent workflow engine you have the power to expedite the capture and assessment of patient data.

Built into the Medidata Clinical Cloud, our scalable solutions combine the depth and breadth of Medidata’s proven clinical trial technology with unmatched patient centricity by design. Our trusted experts help you implement the right level of decentralization that will maximize your trial’s opportunities for success and deliver value to patients, sites, and sponsors.

Medidata, a Dassault Systèmes company, is leading the digital transformation of life sciences.
