Medidata Patient Cloud Rave eCOA May Release Training (R05 2022)

eLearning Course Outline

Course Description: This course is for study builders who design and build Rave eCOA studies using the Patient Cloud mobile app and clinicians and/or site users.

This Release Training will provide a brief overview of the following releases:

- Patient Cloud eCOA iOS 2022.2.1
- Android 2022.2.0

Attendees will learn:

- How to build the Date Check Control Type
- How the Photo Capture Logline enhancement works
- How patients can surface their account information on the Patient Cloud app

Approximate Duration: 8 mins

Module	Topic
Introduction (1 min)	
R05 2022 Release Training Overview (1 min)	What's new in this release
Past and Future Date Logic Check (2 mins)	How to configure the Date Check control type in Rave Architect, for the following: ● Absolute Dates ● Relative Date for "Today"
Photo Capture Logline Enhancement (2 mins)	How the Photo Capture Logline enhancement appends unique identifiers to each image, which makes it easier for clinicians to review the images in Rave Imaging and in Rave EDC.

Surface Patient Information on the Patient Cloud App (2 mins)	How patients can now access important information about the account/study through the Patient Cloud app.
Summary
