

Coder+: Browse and Code eLearning

Course Description: The purpose of this training is to show how the coding process works in Coder+ by examining the Browse and Code, as well as, Browse and Recode workflows.

Approximate Duration: 15 Min.¹

Module	Topic
Welcome (1 min)	Welcome
Objectives (1 min)	Objectives After completing this course, you will be able to: <ul style="list-style-type: none"> ● Understand how to use Browse and Code in Coder Plus ● Understand how to use Browse and Recode in Coder Plus
Browse and Code (6 min)	<ul style="list-style-type: none"> ● A feature that allows you to search for verbatim terms, then see all the information about potential dictionary term matches. Once you select the optimal dictionary term, you may apply its code to an uncoded verbatim, or coding decision.
Browse and Recode (6 min)	<ul style="list-style-type: none"> ● A feature that allows you to search for dictionary terms, then see all the information about the potential dictionary term matches for verbatims already coded. Once you select the optional dictionary term, you can apply the new dictionary term and coded to the coded verbatim as a new coding decision.
