

Powering Smarter Treatments and Healthier People

Medidata is leading the digital transformation of life sciences, creating hope for millions of patients. Medidata helps generate the evidence and insights to help pharmaceutical, biotech, medical device and diagnostics companies, and academic researchers accelerate value, minimize risk, and optimize outcomes.

Our Pioneering Solutions and Services

The **Medidata Platform** is the life science industry’s only unified platform addressing the holistic clinical research process from start to finish, focused on **sustainable innovation, clinical operations, patient centricity** and **patient outcomes**. Medidata’s focus on **evidence generation, data management** and **decentralized clinical trials (DCT)** is transforming the clinical trial experience for company **partners**, including patients, sponsors, CROs and research sites.

Rave Data Management eliminates complex, manual processes and delivers higher quality data for faster insights.

Rave Clinical Operations drives efficiency, agility, and decentralization of study execution with integrated site, investigator, and sponsor workflows, embedded analytic insights, and real-time data availability.

Medidata AI combines unparalleled clinical trial data with a unified platform, advanced analytics, and deep human expertise to help uncover breakthrough insights.

Patient Cloud is a suite of powerful solutions that makes it simple and engaging for patients to participate in any clinical trial – so trials are easier, faster, and produce better results.

Helping Life Sciences companies deliver innovative therapies to patients faster.

Medidata’s dedicated experts ensure customers realize the most value by advising the implementation, adoption, and support of clinical trial technologies. **Medidata Professional Services** is the only technology partner with the expertise to power success through a personalized approach from a trusted team. Navigate the evolving landscape of clinical trials and achieve optimal outcomes with our deep domain experience on the industry’s leading platform.

Highlights

Medidata has achieved remarkable milestones as a trusted partner to the life sciences industry, including:

2,000+ customers (biopharma sponsors, CRO partners, MedTech)

A leader in COVID-19 R&D

- More than 500 studies in pharmaceuticals, vaccines, devices, and diagnostics

Medidata technology supported 64% novel drugs approved by FDA in 2021

27,000+ total trials on Medidata platform

- Studies in >80 countries

13 of the top 15 medicines sold in 2020 relied on Medidata technology

8M+ patients and healthy subjects

- >500,000 study volunteers

9 out of the top 10 CROs partner with Medidata

Studies conducted in 156 countries

Medidata involved in nearly 40% of company-initiated trial starts globally in 2021

Corporate Social Responsibility is integrated into the fabric of Medidata.

Access for All

Medidata's patient-centric focus includes a commitment to increasing diversity in clinical trials and maintaining a focus on rare diseases.

Diversity, Equity and Inclusion are embedded in our culture's DNA. It is our diversity, inclusiveness, and ability to foster equality with our culture and practices that fuels innovation, sparks our passion and commitment to patient health.

STEM Education

A focus on mentoring, coding and access to learning and career advice, along with working to bring student ideas to life with the Tech Entrepreneurship Incubator.

The Social Innovation Lab

Medidata's unique skills-based volunteering program that pairs employees with non-profit partners to work on priority projects.
