DS MEDIDATA

Platform Reporter
A Single Source for Your Clinical Trial Data

Platform Reporter is part of the Medidata Clinical Cloud® - our unified platform that connects all Medidata products within our Data Fabric environment.

Data collected within the platform is centralized and standardized, resulting in efficient, transparent, and actionable reporting for your clinical trials.

With Platform Reporter, you can access reports across multiple studies, as well as build customizable and reusable reports.

Combined with real time data availability, Platform Reporter is your single source to accurately monitor your clinical trials.

Benefits of Platform Reporter

Access clinical data when and where you need it.

Greater Efficiency
Pull reports across multiple studies, saving time and reducing errors.

Increased Transparency
Over 30 standard reports for greater visibility into trial performance.

Actionable Insights
Real time data availability for better decision making and faster response times.

Powerful Performance
Intuitive user interface for easy navigation, increased flexibility, and faster report generation.

Better Security
Administrative reports to ensure the right people have access to the right data to prevent breaches .

# Features of Platform Reporter

Report Across Products

Standard reports combine data from Cloud Administration, Coder, CTMS, Site Payments, and Trial Supply Management in a single place.

Report Across Studies

Combine data from multiple studies.

Configure Reports

Customize and reuse reports, as needed.

Data From Multiple Sources → **Data Centralized in the Medidata Clinical Cloud** → **Data Surfaced in Platform Reporter** → **Generate Real Time Insights**

The Medidata Advantage

Platform Reporter leverages the power of the Medidata Clinical Cloud – the industry's only unified platform dedicated to clinical research – to quickly surface insights across products and studies in real time.

No other platform covers the clinical trial process from start to finish, seamlessly. As a result, Platform Reporter allows you to access and combine your data in ways you never thought possible.

Let Platform Reporter be your single source to monitor your clinical trial data.

Medidata, a Dassault Systèmes company, is leading the digital transformation of life sciences.
