

Rave Companion: Working With Rave Forms

eLearning Course Outline

Course Description: This course is intended for Rave EDC site users who are using Rave Companion to transcribe patient data from an electronic health or medical record (also known as EHR or EMR) into a Rave study form with greater efficiency and accuracy. This course will demonstrate the steps to install Rave Companion, and show examples of how to capture EHR/EMR data.

Please note: This course does not cover Medidata Health Record Connect functionality. For users who are using Rave Companion and Medidata Health Record Connect, please refer to the course "Rave Companion: Working with Rave Forms and Medidata Health Record Connect".

Approximate Duration¹: 8 minutes

Module	Topic
Introduction (1 min)	Welcome
	Objectives
Rave Companion (6 min)	Installing Rave Companion
	Collecting Form Data
Summary (1 min)	Summary

¹ Duration listed is approximated, and does not reflect activities, simulations or assessments
