

BIostatistics & CLINICAL DATA SCIENCE EXPERTS

Proven scientific and data quality excellence ensuring your **clinical data ready for submission**

CHALLENGING THE STATUS-QUO SINCE 1991

IDDI SOLVES YOUR COMPLEX CHALLENGES, INCREASES EFFICIENCY, AND MITIGATES RISKS THROUGHOUT THE CLINICAL TRIAL PROCESS
ENSURING CLINICAL DATA READY FOR SUBMISSION.

Optimizing your Clinical Development Strategy

- Approval-optimization strategies
- Regulatory Statistics
- Trial design
- PK/PD
- Advanced biostatistics
- Regulatory support

- Safety & efficacy Analyses
- Statistical Analyses
- IDMCs & Interim Analyses
- ISS, ISE
- CDISC Standardization ADaM

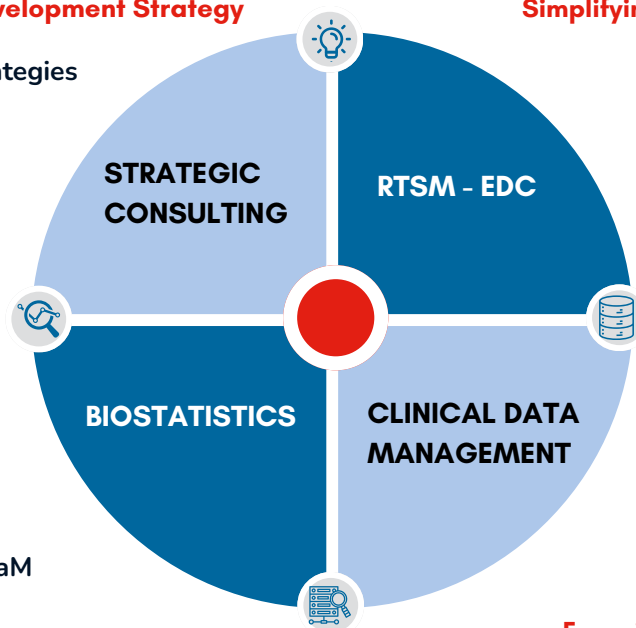

Advanced statistical methodology for leaner and faster clinical trials

Simplifying the set-up & conduct of your trial

- Electronic data capture - EDC
 - RAVE (Medidata) or
 - ID-base (Marvin - EvidentIQ)
- Randomization & Trial Supply Management - RTSM
 - Sitero Mentor
- Biostatistics-driven RTSM

- Comprehensive CDM Services
- Medical Coding
- CDISC Standardization SDTM

Focusing on the accuracy and integrity of your clinical data

METHODOLOGICAL EXCELLENCE - SCIENTIFIC EXPERTISE - OPERATIONAL EFFICIENCY

At IDDI, Biostatistics is at the heart of every clinical study, driving trial design, clinical data collection, data analysis, & reporting ensuring faster and leaner clinical trials.

Combining **PASSION** **SCIENCE &** **EXPERIENCE**

Ensuring your Clinical Data is
ready for Submission

STRATEGY CONSULTING

- Clinical & Statistical expert services
- Approval-optimization strategies
- Regulatory Statistics
- Clinical Development Plans
- Trial design
- PK/PD
- Advanced Biostatistics
- Interaction with FDA/EMA

PASSION

- Our teams are passionate about clinical research.
- With scientific roots and in-depth clinical and regulatory experience, our team understands the scientific issues, anticipating and overcoming potential challenges specific to your clinical trial.
- As forward thinkers we develop new methodologies for the success of your clinical trials.

RTSM - EDC

- EDC using RAVE (Medidata) or ID-base (Marvin - EvidentIQ)
- Biostatistics-driven RTSM using Siteo Mentor

SCIENCE

- Statistics is the backbone of IDDI and the cornerstone of all our processes and methods while being strictly regulatory compliant.
- Biostatistics is at the heart of every clinical study in order to produce clinical trial results that are scientifically accurate, validated and reproducible.
- With a scientifically-driven culture, we have a track-record of contributions to the advancement of statistical methodology as a result of our close collaboration with KOLs and investment in R&D.

CLINICAL DATA MANAGEMENT

- Comprehensive CDM Services
- Medical Coding.
- CDISC Standardization SDTM

BIostatISTICS

- Statistical Analyses
- IDMCs and Interim Analyses
- CDISC Standardization ADaM
- ISS/ISE
- Generalized Pairwise Comparisons (GPC)

EXPERIENCE

- For nearly 30 years, we have worked to ensure our Sponsors maximize their chances of success in an increasingly competitive market.

ONCOLOGY, CNS & OPHTHALMOLOGY EXPERTS

Leverage IDDI's deep expertise in clinical research! Our valuable therapeutic insight, paired with data quality expertise and ability to think ahead will make a critical difference to the outcome of your clinical trials.
