

Medidata Rave CTMS: Service Provider Tracking Getting Started eLearning

Course Description: Welcome to the Medidata Rave CTMS Service Provider Tracking Getting Started eLearning. Sponsors and CROs must be able to record and track the service providers or vendors responsible on a study and services they provide, as well as the location and time frame for those services. The Service Provider Tracking feature allows users to seamlessly log assigned service providers at any level and include key information that will help generate useful reports and meet the necessary requirements.

Approximate Duration: 15 Min.
